# PREMIER OFFERING

## OF THE

### NEW CAMELLIA

# *Flowerwood*

(PLANT PATENT APPLIED FOR)

"Flowerwood" is a sport of Mathotiana (Julia Drayton, Purple Emperor) with all the splendid characteristics of the parent and the added charm of fimbriated petals.

"Flowerwood" is the discovery of Toichi Domoto and was found on a plant growing in the Flowerwood Greenhouses, Crystal Lake, Illinois. It has been under production at the Domoto Nursery, Hayward, since 1945. This year for the first time there is enough stock available to offer "Flowerwood" to Camellia growers and fanciers. Please order early.
